

Husky 40

LVL1: December 2016

FOR FOLDING INTERIOR DOORS WEIGHING UP TO 40KG

The Husky folding door system provides a simple and flexible solution for both light and medium weight residential folding partitions. Designed for timber, timber framed and composite doors, its concealed fixings and robust floor gear allow the partitions to be neatly stacked to one or both sides.

Key Product Features

- Ideal for light weight and medium weight residential folding partitions
- Concealed fixings offer a minimalistic finish
- Extra pivots (289B & 289I) required for two doors folding each way
- Track can be cut to length
